

Nova Scotia Prospector's Association Meeting of September 21, 2011 regarding 12% Protected Land Proposal

Meeting started at 7:00p.m.

Introductions were made. Our guest speakers were: Mr. Peter Labor, Director Protected Areas & Wetlands with Department of Environment, Mr. Bob Ryan, Manager, Mineral Resource Evaluation with Department of Natural Resources, Mr. David MacKinnon, Ecological Planner with Department of Environment.

Peter did an overview which took 30 minutes. Here are some highlights from the overview:

12% by 2015

12% of the whole land mass

Dave discussed the area identification.

Peter discussed the "About Process".

150,000 hectares from 220,000 hectares

Coffee break, 8:45 p.m.

Peter informed the NSPA members on how to get the 12% info on the Government website.

Bob discussed Department of Natural Resources participation in the 12%. He showed the NSPA members the website where the maps are showing the proposed area and the link that will take you to Department of Environment's website on the 12%. Coming soon, both Departments will have links to each others websites.

Peter finished off with how to send comments.

Meeting adjourned at 9:30 p.m.
